TOWNSFOLK

Clockmaker

You start knowing how many steps from the Demon to its nearest Minion.

Empath

Each night, you learn how many of your 2 alive neighbours are evil.

Sailor

Each night, choose an alive player: either you or they are drunk until dusk. You can't die.

Snake Charmer

Each night, choose an alive player: a chosen Demon swaps characters & alignments with you & is then poisoned.

Princess

On your 1st day, if you nominated & executed a player, the Demon doesn't kill tonight.

Mayor

If only 3 players live & no execution occurs, your team wins. If you die at night, another player might die instead.

OUTSIDER

Goon

Each night, the 1st player to choose you with their ability is drunk until dusk. You become their alignment.

Moonchild

When you learn that you died, publicly choose 1 alive player. Tonight, if it was a good player, they die.

MINION

Devil's Advocate

Each night, choose a living player (different to last night): if executed tomorrow, they don't die.

Mastermind

If the Demon dies by execution (ending the game), play for 1 more day. If a player is then executed, their team loses.

DEMON

Pukka

Each night, choose a player: they are poisoned. The previously poisoned player dies then becomes healthy.

Lleech

Each night*, choose a player: they die. You start by choosing an alive player: they are poisoned - you die if & only if they die.

BOOTLEGGER RULES

> *If a player selects another player that does not match the criteria of their ability (e.g., "living" for Sailor, Snake Charmer, and DA and "different than last night" for DA), they become drunk until dusk. Players learn when their character or alignment has changed, but not to what it has changed.*
> *If a Pukka selects themself with their ability, they become drunk until dusk. This means that the "previously poisoned player" does not change until the Pukka selects a player other than themself.*

FABLED
